

## Children need help today

Cancer is the leading cause of death by disease in children in the US. Our dream is to extend life for children with the deadliest forms of pediatric cancer today while making survivorship possible for all children by 2015. You can help us realize our dream.

### Yes! I want to be part of the solution.

At SKC, we believe that every kid deserves to grow up. And we want to improve these chances for kids with deadly cancers. So it's going to take 110% from all of us to help make this possible.
